A few words.....

As you can see the new and old volunteers on the executive are persevering to provide our members with value. We hope we can count on your support as we endeavor to rejuvenate our association. As President, I want to assure you that I am determined to make meetings and events run on time and within the time-lines we present. Your time, like mine must be valued. Running our events in a timely manner will reflect that --- ask our new executive!!

Membership organizations survive by growing membership. I invite you to check out our website for our membership form and event updates. Invite your co-workers, suppliers, and customers to join us as we work towards providing opportunities for colleagues to network, share ideas and perhaps learn a little!

Looking forward to see you all at the Spring Breakfast on May 6th

--- Cheryl Starnes, President
